

Squibs™

**A collection of DVDs
designed to introduce young learners
to important science concepts.**

In the Ground: Geology, Tectonics & Rocks

Learn about the 4 Laws of Relative Dating, Paleontology, Volcanoes & Volcanologists, the Processes of the Rock Cycle and more. There's even a "Tough Words" section to reinforce these concepts. Contains 22 animated episodes that unveil the powerful forces beneath Earth's surface.

In Matter: Atoms, Elements, & Chemistry

Learn about Properties of Matter, Thermal Conductivity, The Periodic Table of Elements, Atomic Bonds and more. There's even a "Tough Words" section to reinforce these concepts. Contains 19 animated episodes that introduce viewers to matter and atoms.

Inside: Cells, DNA, & Adaptation

Learn about Photosynthesis, Mitosis, Heredity, the Scientific Method and more. There's even a "Tough Words" section to reinforce these concepts. Contains 18 animated episodes that span the cell, the most basic unit of life.

In Space: Earth, Moon, Sun, & Beyond

Learn about earth's seasons, phases of the moon, solar storms, how stars burn and more. There's even a "Tough Words" section to reinforce these concepts. Contains 18 animated episodes that teach space science basics.

In Force: Gravity, Friction, & Work

Learn about unbalanced forces, the laws of motion, simple machines, pressure and more. There's even a "Tough Words" section to reinforce these concepts. Contains 18 animated episodes that present the laws of motion in all their glory.

In the Body: Organs, Health & Nutrition

Learn about Organ Systems in the Body, Sound and the Ear, The Hemoglobin, What Causes Disease and more. There's even a "Tough Words" section to reinforce these concepts. Contains 21 animated episodes that take you inside the amazing machine that is the human body.

In the Environment: Organisms & Ecosystems

Learn about Structure vs. Function, Voluntary & Involuntary Response, Biotic and Abiotic, Ecosystem Categories and more. There's even a "Tough Words" section to reinforce these concepts. Contains 18 animated episodes that show how organisms relate to their ecosystems.

In Motion: Light, Heat, & Energy

Learn about Kinetic Energy & Earthquakes, Thermal Energy Transfer, Positive & Negative Charges, The Laws of Reflection and more. There's even a "Tough Words" section to reinforce these concepts. Contains 21 animated episodes about the world of energy.

In the Clouds: Air, Weather, & Water

Learn about The Atmosphere, Earth's Wind System, The Water Cycle, and more. There's even a "Tough Words" section to reinforce these concepts. Contains 21 animated episodes revealing the wonders of water.

Squibs DVDs Only \$39.99 Each (or purchase the complete series for \$269.95)
