

Core Curriculum Resources for K-3 Classrooms

NEW!

Correlated to the curriculum and specifically designed for use in the Primary classroom, each program in these new learning series includes an interactive video with on-screen questions, vocabulary, and a five-question video quiz. Also included for each program, a time saving 15-page teacher's guide with math, reading and writing activities, assessments, skill development lessons and transcript.

Integrate media assets into lesson plans by showing a complete video, short clips, or multiple animations and images.
