Building Strong Families [CC]

Encourage and engage parents and children to create lasting bonds to build stronger families. Join parenting experts Michelle and David Neujahr and their grown children as they share their tools and ideas for helping to build steadfast family ties that last a lifetime. The Neujahrs share their experiences and explain that taking time to think about who you are as a family, what you believe, and what's most important, will help your family grow and stay strong for the long haul. *Teaching materials available for download.*

52 min. • Gr. 6-A • 2015 • LZX • LZ300062 • DVD: \$89.95

5-Year Streaming Rights: \$350

Parenting Principles [CC]

Positive parenting begins by creating an emotionally healthy environment for children, filled with love, guidance, and respect. Join leading adolescence and parenting expert Laurence Steinberg, Ph.D., in an examination of the ten basic principles of good parenting. Parents share their personal experiences of raising their children while Dr. Steinberg delves into the important role parents play in shaping emotionally healthy children throughout the span of childhood. *Teaching materials available for download.*

38 min. • Gr. 6-A • 2014 • LZX • LZ300048 • DVD: \$89.95

Professor Child: Children and Divorce Series (3 Volumes)

In this series children teach others about divorce by sharing their personal experiences. They describe what divorce means to them, how it has changed their lives, what has helped, what they love most about their families, and much more. Viewers will be left with a sense of hope and an understanding that they are not alone in experiencing divorce.

Each volume includes a companion workbook with numerous discussion questions and creative exercises corresponding to the film.

Titles in Series:

- Children and Divorce: Volume 1 - The Experience and Feelings (GH4922)
- Children and Divorce: Volume 2 - The Transition (GH4923)
- Children and Divorce: Volume 3 - Ways to Cope (GH4924)

"These children have much to teach their contemporaries about what has happened to them and their families."
- School Library Journal

Recovering: Anorexia Nervosa and Bulimia Nervosa [CC]

Anorexia nervosa and bulimia nervosa afflict people of all ages and race, especially young women, and are serious medical conditions that can be deadly if left untreated. Join documentary filmmaker and host Larkin McPhee (*Dying to Be Thin*) as she uncovers the challenges of coping with an eating disorder. Meet some experts and people in recovery who offer an honest appraisal of their struggles to overcome their eating disorders. Topics and themes discussed include: Who is at risk? What sustains an eating disorder? Why are eating disorders dangerous? How are eating disorders treated? *Teaching materials available.*

Childhood Nutrition: Preventing Obesity Series, Revised [CC]

This two DVD set from InJoy Birth & Parenting Education gives parents and caregivers of infants and young children the framework for delivering healthy, nutritious meals and snacks. The chapter breakdown on *Volume 1: Feeding Your Baby* is a good guide to the contents of the video - Breastmilk and Formula, Starting Solids, Baby Food Basics, Self-feeding, and Family Meals. In addition to details on the benefits for both mother and baby regarding infant feeding, this video delves into recent research findings on working with the child's natural tendencies and abilities to eat; signs of food allergies; homemade vs store bought baby food; and the social aspects of eating, including the importance of family meals.

Titles in Series:

- Feeding Your Baby (Birth to Age 1) (INJOY238)
- Young Children Eating Right (Ages 1 to 5) (INJOY239)

5-Year Streaming Rights: \$600

How to Raise Emotionally Healthy Children Series [CC]

This video series is a blueprint for better parenting. Based on Dr. Gerald Newmark's highly acclaimed book, "*How to Raise Emotionally Healthy Children*," this interactive program teaches viewers how to create an emotional connection so their child can thrive. Focusing on relational parenting, each volume features an overview of emotional needs, common parent-child conflicts, and how parents can modify their reactions to meet their child's critical emotional needs: to feel respected, important, accepted, included, and secure. Parents will also learn skills to help reduce stress and maintain their own emotional health.

Titles in series:

- Babies (P242D)
- Pre-Schoolers (P244D)
- Toddlers (P243D)

3 x 23-28 min. • Gr. 8-A • 2013 • InJoy • S0004438

Stages of Labor, 3rd Edition: A Visual Guide [CC]

Help expectant parents visualize their birth experience with lifelike 3D animation showing exactly what happens inside the body during all four stages of labour. Combined with real birth footage, common emotions occurring during each stage are highlighted, along with coping methods and partner tips. This program helps parents become familiar with the sights and sounds of labour, reducing fears and increasing feelings of preparedness. If you're looking for the most up-to-date, comprehensive, and professional way to teach the stages of labour - this is it! *Facilitator's Guide with Handouts available online. Also available in Spanish (INJ346S).*

BONUS: Digital Posters - Provides quick access to a library of clear visuals that help you review topics and answer questions in your own words.

First Response Series -- Canadian Produced!

These comprehensive DVDs provide viewers with basic first aid knowledge and skills. Using real-life scenarios, animated graphics, and instructor-led demonstrations, these vital training tools provide an easy-to-follow, informative, step by step approach to the effective prevention, recognition and treatment of a wide variety of emergency situations encountered at work, at home or in the community. Designed for use by both professional first aid instructors and lay individuals, these are excellent multifunctional resources that can be used for any learning or training purpose. *Presented by Heart to Heart First Aid & CPR Services.*

First Response: The Complete Guide to Adult CPR (8 years +)

This program is the most current and expansive video resource of its kind, featuring new standards in life-saving skills as set forth by the latest Emergency Cardiac Care Guidelines. You will learn techniques such as Cardiopulmonary Resuscitation (CPR) and how to deal with choking situations for an adult casualty (8 years old and up). This program will also help the viewer to recognize and treat someone who is suffering from a heart attack or stroke. Plus, this DVD includes new guidelines and standards for certification in Advanced Healthcare and Two-Rescuer CPR. This program demonstrates how to use Automated External Defibrillators (AED's), which are found in many public areas. Learn how these critical lifesaving devices are used to drastically increase lifesaving results. This DVD was developed for both trained and

untrained bystanders.
