TRADE SAFETY: SAFETY IN ELECTRICAL TRADES

This video looks at the risks of working with electricity, recognizing where hazards may come from and how the hazards can be identified. We examine factors that should be considered when undertaking a risk assessment, such as work practices, availability of test instructions and the types of equipment being used.

- Electricity Identifying Risks & Hazards (6:18 min)
- Electricity: Assessing Risks (4:57)
- Electricity: Implementing and Reviewing Risk Control (5:09 min.)

16 min. • Gr. 11-12, College/Univ. • 2015 • Media Magnet • MMAG05 • DVD: \$59.95

TRADE SAFETY: SAFE WORKING PRACTICES IN WELDING

This video will assist viewers in identifying work-specific hazards associated with welding, including electrical safety, light and heat, confined spaces, manual handling, and metal fumes and gases. Filmed at a leading sheetmetal fabricator, this is a practical and informed look at these important issues.

- Electrical Safety (3:55 min.)
- Working Safely with Hazards (8:11 min.)
- Light and Heat (4: 49 min.)
- Fumes & Gases (4:25 min.)

21 min. • Gr. 11-12, College/Univ. • 2015 • Media Magnet • MMAG06 • DVD: \$59.95

TRADE SAFETY: USING POWER TOOLS SAFELY

This video presents the potential hazards and the correct use of power tools. Using examples and commentary from a Master Builder, a practical guide to using each power tool is demonstrated and explained.

- Power Drills (3:47 min.)
- Nail Guns (4:02 min.)
- Circular Saws (4:19 min.)
- Angle Grinders (5:22 min.)
- Jackhammers (3:30 min.)

21 min. • Gr. 11-12, College/Univ. • 2015 • Media Magnet • MMAG07 • DVD: \$59.95

WORKSITE COMMUNICATION SKILLS

This video illustrates basic communication skills as they are applied within industrial or commercial trade settings such as construction sites, engineering or fabrication workshops and manufacturing enterprises. It shows why clear communication is critical in ensuring that a working environment poses minimal or no risk to workers, work tasks are completed correctly, and quality is maintained. Communication with culturally and linguistically different workers is examined as well as using the phone, face-to-face verbal, and non-verbal communication.

- Communication: Culturally and Linguistically Different Employees (4:07 min.)
- Communication : Phone (5:54 min.)
- Communication: Face-to-Face, Non-Verbal (3:56 min.)
- Trade Communication: Face-to-Face, Verbal (5:38 min.)

19 min. • Gr. 11-12, College/Univ. • 2015 • Media Magnet • MMAG04 • DVD: \$59.95

SUSTAINABLE PRACTICES IN CHILDCARE CENTRES

Filmed at an industry-leading childcare centre that specializes in early childhood education, this program explores practical ways that childcare centres can create and implement a sustainable environmental focus on their work. It illustrates how to develop a sustainability management plan, how to engage children with their natural environment and how to implement and embed sustainable practices. This inspiring centre not only embodies sustainability in its operations, it encourages and supports children and their parents in connecting with and contributing to the environment.

- Development a Sustainability Management Plan (5:21 min.)
- Implement and Embed Sustainable Practices (4:08 min.)
- Children and the Natural Environment (4:53 min.)

14 min. • College/Adult • 2015 • Media Magnet • MMAG03 • DVD: \$69.95
